The Bedford Christian Care Group and community helpers aim to reach all people in need who call for help whether it be physical, mental, financial, spiritual or medical.

We usually provide transport to doctors, clinics, hospitals and grocery stores, while also assisting with applications for pensions and financial arrangements. We offered these services of support to our community members while we could, however, these services have been halted since March due to the Corona Virus pandemic. We have been unable to reach those in order to offer these 'in-person' services, due to contact restrictions. We have adjusted, remaining in contact telephonically, offering emotional support and guidance to the vulnerable and ill.

Ready made meals are delivered to the ill and those unable to care for themselves. Monthly food parcels are distributed and the amount of parcels has increased dramatically, again, due to the Corona Virus pandemic. Our usual support to the local soup kitchen has been suspended due to the increase in demand for food parcels.

We offer the residents at the Bedford Retirement Village weekly fellowship meetings. However, during this time, the residents have been under strict lockdown as they are considered a vulnerable group with regards to the virus. We have therefore supplied the residents with pre-recorded videos, allowing them to follow a short sermon while remaining safe and isolated. Due to lockdown and restrictions, the preparation and supply of food at the retirement village became strained, our organisation stepped in (on a few occasions) to support the residents by supplying them with ready made meals. We also supplied them with sanitizers. Our Christmas party for the Retirement Village will hopefully be enjoyed in December of this year.

Several cases of people in desperate financial need are given support to relieve their stressful circumstances. This assistance has increased during this time, especially at the Bedford Retirement Village.

The community of Bedford has been very generous in donating blankets, baby clothes, milk, and meat to those less fortunate. We have been blessed as an organisation in being able to assist in linking these donations to those in desperate need.

Through the Lord's enabling Grace the whole purpose of Christian care is giving hope and support to His people. We would love to continue supporting the community of Bedford, hopefully reaching even more people in need.

6. Beskryf die PERSONE, GEMEENTE, RING, TEIKENGROEP, INSTANSIE(S) wat by die projek sal baat en hoe dit hulle sal bevoordeel (indien nie reeds by pt 4 genoem nie)

Tik binne die blokkie en wees volledig asb. Die blokkie sal outomaties "rek" om voldoende spasie te verskaf.

All people in need in the Bedford Community are assisted regardless of race or locality. Those in more favourable circumstances are made aware of the community needs and in giving are blessed as well as the receivers.

7. Beskryf die STAPPE / FASES van die projek en die tydsverloop van elk

Stappe / Fases	Tydsverloop
Our Christian Care projects are continuous.	
Our community, having been made aware of our work, make generous contributions of clothing, food, blankets, seeds, toiletries and various other goods which we in turn distribute.	
Some churches and individuals give monthly valued financial	

support.	
Food Parcels are given monthly. People in financial need are given cash monthly.	
The Christian Care committee controls all donations, keeping a close record of how they are used. The needy are identified and assisted as required. Pre-recorded video Fellowships are held regularly.
